

All About Horses! Meet The Horse Family!

The daddy horse is called a stallion.

A mommy horse is called a mare.

A baby horse is called a pony.

Horses sleep in a stall inside a barn a stable.

Horses eat grains such as oats, and hay.
They love to be given apples and carrots for a
special treat. Horses need to drink water.

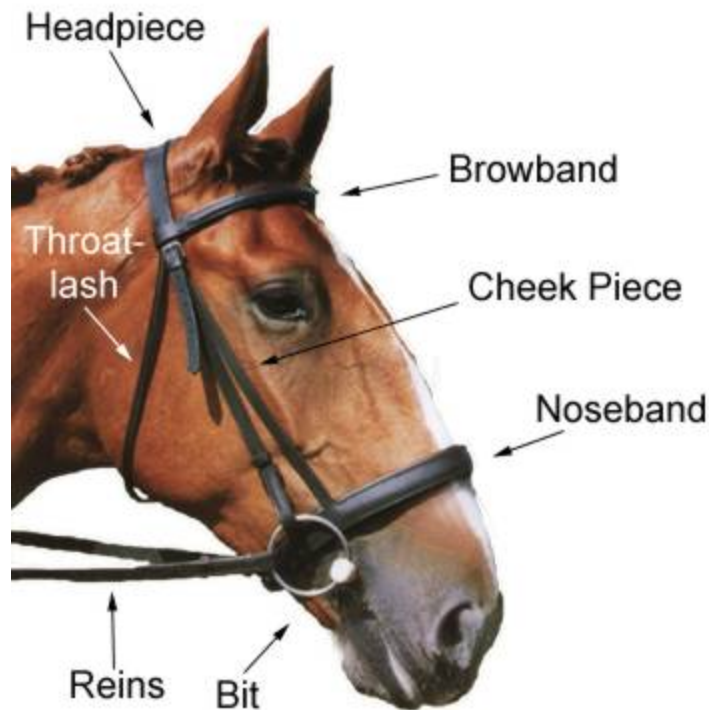

Horses need to be groomed and brushed.

Horses need to have their coats brushed and wear special shoes to protect their hooves.

Horses can be good pets.
Some people like to ride horses.

Horses sometimes run in a race.

Some horses run in races. Other horses show off how well they can jump.

Some horses just prance around showing off how pretty they are. Horses also say, “neigh, neigh.”
