

Lions, Tigers and Leopards! The Big Cats...

Some tigers are orange with black stripes,
other tigers are white with black stripes.

Tigers hunt for their food at night.

They eat meat.

Jaguars have spotted coats. They are the biggest cats in America.

Jaguars can also be the color black.

All big cats like to climb trees.

A lion roars but does not purr.

The boy lion has a mane around his face, the girl lion does not.

Baby lions are called cubs.
